A. True

B. False

Suggested Answer: *B*

Currently there are no comments in this discussion, be the first to comment!

Question #23 *Topic 1*

The Huawei FusionModule800 mainly consists of converged cabinet, IT cabinet, and battery cabinet/rack. The converged cabinet integrates monitoring, cooling and UPS components.

A. True

B. False

Suggested Answer: *A*

Currently there are no comments in this discussion, be the first to comment!

Question #24 *Topic 1*

What is the maximum power of a single FusionModule500 module?

A. 6kW

B. 3kW

C. 10kW

D. 25kW

Suggested Answer: *A*

Currently there are no comments in this discussion, be the first to comment!

Question #25 *Topic 1*

The air conditioners in the FusionDC1000A-40ft-IT solution use wet-film humidifier to replace traditional humidifier, reducing power consumption.

A. True

B. False

Suggested Answer: *A*

Currently there are no comments in this discussion, be the first to comment!

Question #26 *Topic 1*

The total IT capacity of IT scenario of FusionDC1000A is _____ kW.

A. 30

B. 60

C. 100

D. 54

Suggested Answer: *D*

Currently there are no comments in this discussion, be the first to comment!

Question #27 *Topic 1*

The height requirement for the installation of the FusionModule2000 is more than 2.6m.

A. True

B. False

Suggested Answer: *A*

Currently there are no comments in this discussion, be the first to comment!

Question #28 *Topic 1*

FusionModule2000 supports face recognition to open the aisle doors.

A. True

B. False

Suggested Answer: *A*

Currently there are no comments in this discussion, be the first to comment!

Question #29 *Topic 1*

Which of the following UPSs are supported by the FusionModule800? (Choose all that apply.)

A. 3kVA

B. 20kVA

C. 6kVA

D. 10kVA

Suggested Answer: *B, D*

Currently there are no comments in this discussion, be the first to comment!

Question #30 *Topic 1*

The FusionDC1000A solution uses a _____ height module.

A. 5.2m

B. 2.9m

C. 3.6m

D. 4.15m

Suggested Answer: *B*

Currently there are no comments in this discussion, be the first to comment!

Question #31 *Topic 1*

Which systems is prefabricated and integrated in the FusionDC1000A-40ft? (Choose all that apply.)

A. Rack

B. Cooling

C. Power

D. Fire Protection

E. Management

Suggested Answer: *A, B, C, D, E*

Currently there are no comments in this discussion, be the first to comment!

Question #32 *Topic 1*

The lithium battery version of FusionDC1000A-40ft-IT is equipped with _____ IT racks for 2N configuration. (Choose all that apply.)

A. 7

B. 6

C. 9

D. 8

Suggested Answer: *A*

Currently there are no comments in this discussion, be the first to comment!

Question #33 *Topic 1*

The FusionModule500 adopts the typical configuration mode. Core components are pre-installed in the factory. How long does it take to roll out services on site?

A. 2 days

B. 1 day

C. 4 hours

D. 3 days

Suggested Answer: *A*

Currently there are no comments in this discussion, be the first to comment!

Question #34 *Topic 1*

Which of the following systems should a complete data center contain? (Choose all that apply.)

A. Monitoring system

B. Power system

C. Cooling system

Suggested Answer: *A, B, C*

Currently there are no comments in this discussion, be the first to comment!

Question #35 *Topic 1*

Which cooling mode does FusionModule800 support?

A. Water-cooling

B. Air-cooling

C. Liquid-cooling

Suggested Answer: *B*

Currently there are no comments in this discussion, be the first to comment!

Question #36 *Topic 1*

The FusionModule800 adopts the typical configuration mode. Core components are pre-installed in the factory.

How long does it take to roll out services on site?

A. 4 hours

B. 2 days

C. 1 day

Suggested Answer: *B*

Currently there are no comments in this discussion, be the first to comment!

Question #37 *Topic 1*

What is the maximum power of a single FusionModule800 module?

A. 25kW

B. 10kW

C. 40kW

Suggested Answer: *A*

Currently there are no comments in this discussion, be the first to comment!

Question #38 *Topic 1*

What is the static load of Huawei IT cabinet?

A. 1500Kg

B. 1800Kg

C. 2000Kg

D. 2400Kg

Suggested Answer: *C*

Currently there are no comments in this discussion, be the first to comment!

Question #39 *Topic 1*

The front door of the FusionModule800 is equipped with a double glass door.

Which of the following functions can be implemented?

A. Insulate hot and cold air

B. Stronger

C. Reduce noise

Suggested Answer: *A*

Currently there are no comments in this discussion, be the first to comment!

Question #40 *Topic 1*

How many typical cabinet configurations does the FusionModule800 5.0 provide to meet different customer requirements for standard 380V power?

A. 5

B. 6

C. 7

D. 4

Suggested Answer: *C*

Currently there are no comments in this discussion, be the first to comment!

Question #41 *Topic 1*

Which of the following UPSs are supported by the FusionModule500? (Choose all that apply.)

A. 10kVA

B. 3kVA

C. 6kVA

D. 15kVA

Suggested Answer: *B, C*

Currently there are no comments in this discussion, be the first to comment!

Question #42 *Topic 1*

Which of the following products are the main components of the FusionModule2000 power supply and distribution system? (Choose all that apply.)

A. NetCol5000

B. NetEco6000

C. UPS

D. ECC800-Pro

E. PDC (Power distribution cabinet)

Suggested Answer: *C, E*
